To a degree unprecedented in human history, we have refashioned the earth's air, water, and soil, and the biosphere of which we are a part.

Something New Under the Sun - J R McNeill - Häftad ...

In contrast to the biblical gentleman who said there was nothing new under the sun, or physicist Robert Millikan who saw Earth's vastness as effectively shielding it from real harm from humanity, J R McNeill sees SOMETHING NEW UNDER THE SUN and it's simply that "the place of humankind within the natural world is not what it was."
